THE WAY *We* SEE IT

Sharon High is a place where students can be proud of their school because of the spirit here! Whether we're cheering on any one of our sports teams during a game or a match, or enjoying one of the school's many extracurricular activities, "The Way We See It", our school is always bursting with energy and pride. We welcomed a new Principal, Mr. Libano, who came to us with new and fresh ideas. He, along with Assistant Principals Mr. Berkowitz and Mr. Fazzio, have worked together to try these new ideas and implement changes to make our school a safer and more enjoyable place for everyone.

Jesse Anderson and Paul Collins
goofing off after school.

Jeremy Rose heading to lunch in the cafeteria.

Talia Fishbon and Arielle Schwartz sharing some coffee after school.

"The way they see it"

Lauren Augusto studying before practice.

THE WAY *We* SEE IT

From our very first day of school, in ninth grade, until our senior graduation day, the change and growth of our school mirrors our changes and growth. Every year strong friendships are fostered and memories made. "The Way We See It" SHS, even with its trials and tribulations, could not be a better school!

Students socializing after-school before sports practices begin.

he said

I think homework is helpful for all your classes, but when you get too much of it then it becomes stressful,

annoying and overwhelming.

-Matty Dowd

she said

Sharon High is like every other school, it's the people that make the difference.

High School is a lot like a beard. It started off thin and prickly, but once it grew it was warm and inviting... or something

like that.

- Dan Halpern

she said

I remember my first day of freshman year so vividly, I can't believe that it has been four years, time certainly does fly when you are having fun!

I am definitely going to miss everyone next year, but I am also really excited for college.

Good luck seniors '07!!!

-Kira Ross

I will miss roaming around the halls of SHS with my friends after dance club.

Dedicated to Mrs. Lesley Reardon

The sound of a bell and the words "picky picky" are what you may hear on any given day in room 504. Her students find that each morning they are actually looking forward to math. Instead of copying down notes in silence each day, Mrs. Reardon's students are often found at the board or working together in groups playing various math games. When her students walk into the room they look forward to seeing which game they will play on that day. Picky Card, Jeopardy, Feud, Matchplay and Math is Right, are just some of the games Mrs. Reardon has adapted to review lessons. When they do take notes, her students may find it hard to keep up with her fast paced handwriting. They quickly learn to appreciate it because it means getting all tests back the next day or even the same day! She helps students learn by using real world problems, like what angle should the gutters be placed on her new garage. She supports all her students by attending school events, even though sometimes she may be found rooting for Mansfield, her home team. The Class of 2007 has been fortunate to have her as a teacher for three out of their four years at Sharon High School. We want her to know how much we appreciate all of her hard work and dedication. Because of all she has done for us, and all she still does, we are pleased to dedicate the 2007 Marsengold Yearbook to Mrs. Lesley Reardon.

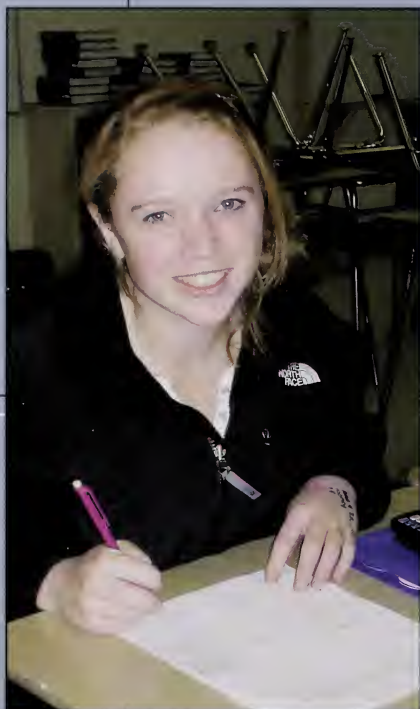

Quotes from her students

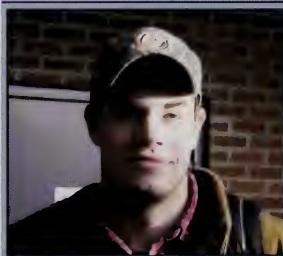

Through all of her games,
I realized I was actually
understanding what we
were doing in class.
- Amanda Samuels

If it weren't for Mrs.
Reardon I wouldn't be as
successful as I am in math.
- Jake Toole

All of the games we play
in math make learning
fun and exciting.
- Carl Desberg

Samantha Donovan is only pretending to enjoy math.

Even just with a smile, Eli Anderson gives off a laid back kind of attitude.

Brittany Kramer and Amy Zoller are enjoying a few laughs at senior lunch.

It seems like this group of seniors are looking forward to the bell.

“The Way We See It” – Seniors

Looking back over the past four years, one can see that the seniors have truly grown both individually and undeniably as a unique class. From the playground, to the senior parking lot, the senior class has grown together, forming friendships that will be remembered and cherished. Each has found a circle of friends and all of the circuits have come together to form a link of extraordinary people. “The way we see it”, the seniors have taken advantage of their years, and exemplified what a senior class should be. Next year, as the seniors venture on their individual paths, they will still be connected to one another by the unifying growth they have experienced.

"The Way We See It" - Underclassmen

Being an underclassman is not that bad. We are told by seniors, that these four years really fly! We hope that is true because it currently seems like a long road from where some of us are right now. I guess "the way you see it" depends on which grade you are in.

As freshman you see everything for the first time. Whether it is Homecoming with all its fanfare, or the first time you take a mid-year or final exam, which can be daunting. As a sophomore you get to experience "Semi" or the Semi Formal, where the girls ask the guys. It's a little intimidating for some, but a fun evening for all. As a junior you "see it" as waiting to become a senior, but before that you get to go to your first prom! And whether you are planning for your future or just keeping up your grades, junior year has its own share of stresses, and summer can't come soon enough!

"The Way We See It" - Student Life

"The Way We See It", as an entire student body, everyone gets a chance to "see" things their own way. We all get to participate in whatever we choose. We get to know people from other grades and even from other groups of friends. Sharon High is a great, safe community of students, faculty and staff. (Okay, so it's school, but it isn't half bad. Right?)

We get to hang out with our best friends at lunch, scream till our throats are sore at pep rallies, and watch Mr. Libano get pied in the face, and YES, this sums up a typical day at Sharon High.

It may not be the "O.C." or "Saved by the Bell", but we **are** Sharon High, and the "Way We See It", we're above the rest.

The winning Freshman float!!!

HOMECOMING '06

The band was playing, the crowd was cheering, and SHS spirit was in the air. Saturday morning booths were set up by various clubs, sports teams, and student organizations in order to raise money to support their group or cause. The Freshmen Class had fun with their bean bag toss, while the Student Council sponsored the ever popular face painting booth.

Later that day, the football game began with much anticipation. Although the Eagles couldn't pull out a win against K.P., the band and cheerleaders kept the crowd enthusiastic.

Half time festivities included the procession of the captains of various sports teams along with their chosen mentors for the "Birds of a Feather" program. It is always a great honor for the teachers who have been selected. Later, when the floats were showcased, the Freshman Class took 1st prize with their "Whack the Warriors" idea beating the Senior Class who came in a close 2nd!

The Homecoming Dance that followed that evening was well attended, was lots of fun, and wrapped up the day's festivities on a positive note!

Fall Pep Rally

*got spirits soarin'
before the
Thanksgiving game*

The Pep Rally was held Wednesday, October 22nd before Thanksgiving vacation. Everyone was in high spirits anticipating a well deserved break and spending time with family and friends. The cheerleaders did an awesome job psyching up the crowd. Fall sports captains entertained us with their very own poetry and inside jokes that fellow team members could appreciate. Our very own Eagle mascot entered the scene on a unicycle, he hopped off and performed some fancy footwork to music provided, courtesy of SHS's favorite D.J., Mr. Blanchet. All in all it was a great rally and got us ready for our Thanksgiving Day game!

Students and faculty tried their luck at a game of musical chairs. There was a prize for the winner.

Mr. Libano got that "prize"...a pie in the face, adeptly administered by musical chairs winner and varsity cheerleader, Bianca Vonleh.

Male faculty members versed the football players in a game of tug of war. They were equally matched until the faculty "pulled" out a win.

“

I especially enjoyed Dan Halpern's performance with the SHS eagle.

-Courtney Earle

It felt so good to finally chant... "SENIORS."

-Amanda Samuels

I had a great time at the Pep Rally and loved the senior spirit.

October 31, 2006 Fun Costumes & Good Times

Although our Halloween celebrations have changed over the last few years it's still a fun day for everyone. Those who choose to dress up entertain those who don't. It's great to see the unique ideas people come up with for costumes. Some people are so creative. The seniors still try to dominate the day with their group costumes, male and female, and the 11th grade girls try to outdo the seniors! We continued the tradition of voting for different categories of costumes and there is always candy around! Classes carry on as usual, but there is a bit of levity in the air.

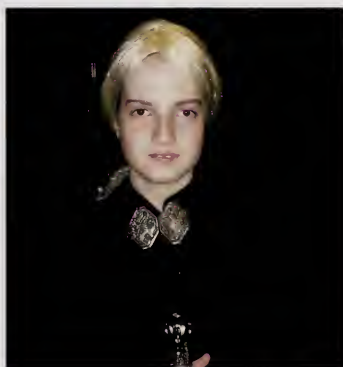

Everyone was on their best behavior in hopes that the Halloween assembly might be returned as a SHS tradition once again.

This happy looking group of convicts is far from threatening as they pose for our camera!

The Lucky Charms Leprechan, Zach Sands, was not only creative, but very green.

The Senior Sailor Girls line up in the cafeteria for a photo op and to give our photographer their prettiest salute.

Semi was so much better than anyone imagined. Everyone looked amazing and I had so much fun dancing!

-Ashley Dewji

Linda and Caroline are having a blast...can you tell who's having the most fun?

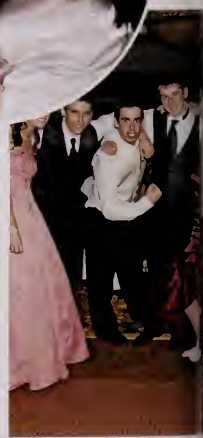

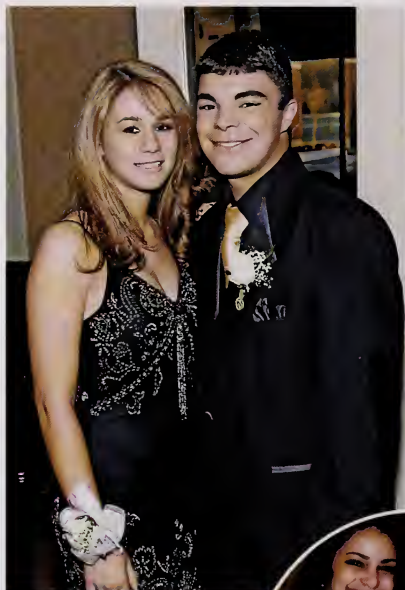

Las Vegas

On March 25, 2006, the cafeteria was transformed into the Las Vegas strip, awaiting the arrival of the dolled-up Sophomores. The decorations really set the mood, with the D.J. livening up the crowd. Everyone looked beautiful, and the night passed quickly as we had an incredible time dancing with our friends. Needless to say, upon re-entering school that following Monday, no one could look at the cafeteria quite the same way.

The Louis Feinstein Public Service Program provides students with opportunities to participate in exciting and meaningful projects, both in the classroom and co-curricular activities. The staff works with students to encourage leadership and to help them find areas in which they are interested and which they enjoy.

Ms. Janosko's students created a videodocumentary of oral histories of local elders entitled *Stories '06*. There was an "Opening Night" for all participants and coverage in the *Sharon Advocate* and on *Sharon Community Television*.

Community Service

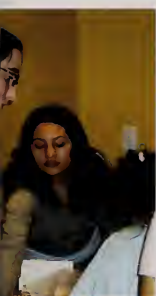

Work with student volunteers includes the Leo Club shoveling snow, elementary school tutoring, early childhood tutoring, and the East Elementary technology program to name a few.

Mr. Murray's 9th grade class is working with Mrs. Happnie's 5th grade at Height's on the Ordinary History Project. They study the theme of heroes in literature, interview local citizens who have made important contributions to the community and select 10 "Ordinary Heroes" who are recognized at a ceremony in the spring.

Jason Thurm, Becky McDougal, Sasha Ivanov, Jessica Savrann, Ashley Rodman, Andy Hanold, Agatha Migdal, Stephanie Wong, Jessica Mercuri all collected for Halloween for the Hungry.

The Spanish Club, under the guidance of Senora Block, makes annual visits to La Casa Nueva in Brockton during the holidays. They bring gifts, make gingerbread houses and make time to play with the children.

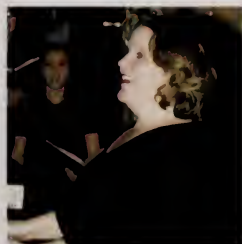

Yasheka Shama, Libby Dixon, Hannah Ross, Ilyssa Bloch and Dana Thurm, pose with bags filled with canned goods. Halloween for the Hungry was very successful in collecting over 300 bags of food for the Sharon-Stoughton Food Pantry.

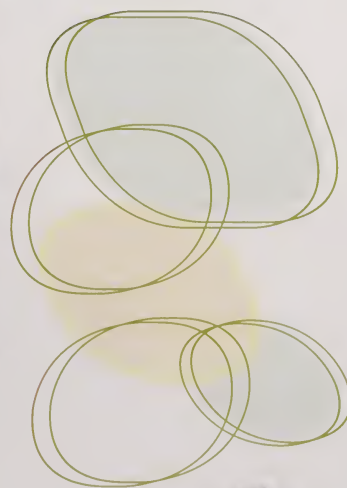

The Feinstein staff is working to implement this year's Teen Speak Out.

Community outreach involved students going to the Rotary Club to present an afghan project, students also participated with Council on Aging to coordinate intergenerational activities. They are currently working on a Lakeside ball and oral histories.

Community Service performances for elders at Temple Sinai were conducted by Ms. Mac and her Select Choir as well as a performance at Barnes and Noble during the month of December.

The Metropolitan Council for Educational Opportunity (METCO) is a state-funded program designed to eliminate racial imbalance through the busing of children of color from Boston and Springfield to public school systems in surrounding suburban communities.

Sharon's participation began in September 1967 when 22 students enrolled in Sharon High School. Over the years, the program has expanded to 72 Boston students. Presently 66 students attend school in Sharon in grades K-12. Students are assigned to Sharon schools based on space availability.

"The Way We Play It"

"The Way We Play It", at Sharon High School is with enthusiasm, good sportmanship, and a winning spirit. Even though we are not always best in the league, Sharon athletes work hard and have fun. We always play with a competitive spirit. Whether on the field, the track, the court, the golf course, or in the gym, every athlete works hard to compete as an individual but also as a member of a team. Playing a sport teaches determination, a good work ethic and the importance of teamwork. Throughout a season teammates become friends and people from different grades can mingle. It's not all about winning, although, "The Way We Play It", that would surely be a bonus, but it's the camaradare that rates high. The Sharon Eagles will carry on season after season, and year after year. In the end they try their best in every sport, knowing that they can depend on the support of our student body!

Clubs & Activities

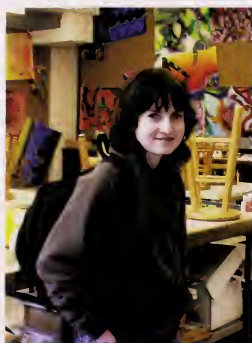

Here at SHS, students have the opportunity to participate in many exciting after school activities. They range from creative talents such as dance and drawing; where one can try Dance Club or Hip Hop Troopers, Anime or Drawing Club, academics; where one might enjoy Math Club or Academic Decathlon to Community Service and civil activities such as Mock Trial or Model UN. There is such a variety to choose from yet if you still cannot find your niche, with enough interested people you could even start your very own club.

Marsengold

The way we made it...

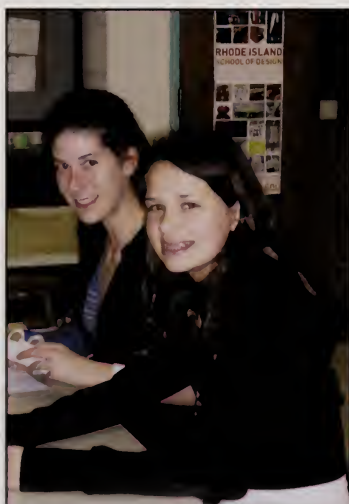

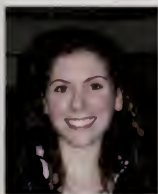

The Marsengold Staff puts in many long hours to create the yearbook. There are always pictures to be taken, quotes to get, captions to write, pictures to crop, proof-reading and lots and lots of correcting. Although the yearbook requires a lot of tedious effort, the staff remains smiling through the stressful and hectic pace of making our deadlines.

It is all worth it in the end when we see the finished product and feel good about the job we've done.

A Word From Our Editors...

"It was so much fun putting the yearbook together this year and seeing the hard work that our staff put into it.

I really enjoyed being one of the editors for the 2007 yearbook. It was a great opportunity filled with many positive experiences and challenges.

We worked really hard on making this yearbook "The way we see Sharon High School." We hope you like the outcome and remember the way you saw 2007.

Being an editor as a junior was a huge honor. I truly enjoyed working on the yearbook. From yearbook camp to all the hard work we've put into the book, I hope you enjoy it. To the predominantly female staff and Alex, your hard work and dedication was always appreciated!

"The Way We Teach It..." Faculty and Staff

At Sharon High School we are lucky to have teachers who "see eye to eye" with us. They put a tremendous amount of effort into enriching our education and empowering our minds. Each faculty and staff member is an integral part of the healthy and safe environment in which we learn. They give us the motivation to be successful now, in order to prepare us for the future.

Administration

Dear Class of 2007,

As the first graduating class of Sharon High School that I have personally had the opportunity to get to know well, I can honestly say that it has been an honor and a pleasure to share some of your experiences. The Class of 2007 has taught me a lot, and it is my hope that each of you has learned a lot from this school. You have built yourselves a nice foundation for future success, taken advantage of opportunities presented to you, and are aware of

the fact that the world that lies ahead of you is full of challenges that you will surely overcome. I wish you each the best, and want to remind you that you are always a welcome part of this school and community. Good luck, and make sure that you stop by and let us know how you are doing!!!

Success

To laugh often and much;

To win the respect of intelligent people
and the affection of children;

To appreciate beauty;
To find the best in others;

To leave the world a bit better, whether by
a healthy child, a garden patch
or a redeemed social condition;

To know even one life has breathed
easier because you lived;

This is to have succeeded.

-Ralph Waldo Emerson

Close your eyes child, and look at what I'll show you;
Let your mind go reeling out and let
the breezes blow you.

-Jerry Merrick

We love you Annie,
